

RAILWAY SECURITY CONFERENCE

JANUARY 28-29, 2008 – CRYSTAL GATEWAY MARRIOTT, ARLINGTON, VA

Our fourth annual comprehensive conference is focused on one of the most important issues that international freight and passenger railroads face today: Security. In the wake of 9/11 and the Mumbai (India), London, and Madrid transit system bombings, ensuring the safety of rail employees, riders, cargo, and infrastructure as well as the general public is critical. Railroads are committed to emergency preparedness and response and keeping vital rail links open in a post 9/11 world.

INDUSTRIAL FIRE, SAFETY & SECURITY EXPO

FEBRUARY 6-8, 2008 – RELIANT CENTER, HOUSTON, TX

The IFSS Seminars, Training Workshops and Solutions Exhibition provide you with an unrivaled opportunity to collaborate across departments, jurisdictions and agencies - to give you a complete picture of the integrated, leading-edge strategies that comprise today's industrial emergency response plans and practices. All this, plus you'll explore, test and learn about cutting-edge tools and solutions you need to meet the challenge and demands you face while protecting America's industrial plant facilities, personnel, energy infrastructure, and critical assets against all hazards.

GE SECURITY SOLUTIONS STRATEGIC PARTNER CONFERENCE

FEBRUARY 13-16, 2008 – RENAISSANCE ESMERALDA RESORT, PALM SPRINGS, CA

NATIONAL PETROCHEMICAL & REFINERS ASSOCIATION SECURITY CONFERENCE

MARCH 3-5, 2008 – WOODLANDS WATERWAY MARRIOTT, WOODLANDS, TX

The conference presents current topics of critical importance to assist attendees in keeping themselves up to date on security issues. The Exhibition held as part of the conference gives attendees the opportunity to meet and talk with representatives from companies offering a variety of security services to the refining and petrochemical industries.

SST'S 6TH ANNUAL SECURITY TECHNOLOGY EXPO

MARCH 12, 2008 – GRAND HYATT HOTEL, NEW YORK

Our 6th annual show featuring the latest security technology advancements by 30 of the leading industry manufacturers. Attendees will be able to discuss their security needs with knowledgeable representatives in a relaxed environment. This year's featured speaker is Chris Adams of Ortronics presenting "The Path to IP: Convergence of Security Technologies to IT Networks".

AMERICAN CHEMISTRY COUNCIL CHEMSECURE CONFERENCE

MARCH 24-26, 2008 – JW MARRIOTT, HOUSTON, TX

ACC's chemical security conference is designed to give members in-depth information on emerging security regulations, Responsible Care® Security Code as well as provide opportunities for face-to-face interaction with representatives from DHS. This conference will provide you with tools you can take back to your office to implement the DHS security regulations.

ISC WEST

APRIL 2-4, 2008 – SANDS EXPO & CONVENTION CENTER, LAS VEGAS, NV

Security professionals, including dealers and installers, integrators and distributors come to Las Vegas and discover thousands of the latest products and cutting-edge technologies. Find the most relevant security applications that will drive your sales and grow your business. Put yourself at the center of the security universe and find out what's hot today, and how to prepare for tomorrow.
